<sup>(</sup>Note 1) "LTV to total assets" is calculated with the following formula: Period-end interest-bearing liabilities / Period-end total assets x 100. The same applies hereafter.

<sup>(</sup>Note 2) The forecast for the 5th Fiscal Period is the forecast announced on August 17, 2018 (includes dividends in excess of earnings).

<sup>&</sup>quot;Ratio of unrealized gain" is calculated by dividing the difference between the total appraisal value and total book value by the total book value, and rounded to the first decimal place. The figure does not guarantee the amount of profit calculated with the ratio.

<sup>(</sup>Note 4) "NAV per unit" is calculated with the following formula: (Unitholders' capital - Total dividends + Unrealized gain) / Number of investment units issued and outstanding. The same applies

<sup>(</sup>Note 5) "Upward rent revision ratio" is calculated by dividing the number of rents revised upward/downward upon rent revision concerning new contracts of residential properties (11 properties) for each fiscal period, by the total number of new contracts for each fiscal period. The same applies hereafter.

- Switching the electric power distributors
  - · · · · · ArtizA Kamimaezu II ArtizA Chiyoda MRR Kumamoto MRR Sasebo MRR Itoshima

Replacement of air-conditioning system (MRR Delta Building)

Realized cost reduction of approximately 3.8 million ven in total by installing LED and switching electric power distributors

## Leasing activities

Although there was tenant cancellation at MRR Sasebo, the next tenant signed a contract soon after as a result of implementing leasing activities to find succeeding tenant capitalizing on the network of Marimo (PM company), the sponsor, in regional cities.

#### Points for prompt leasing

Relationship

marimo REIT, upon tenant leasing, conducts unique analysis based on actual management experiences, etc. while also retaining excellent relationship with real estate agents in various places through utilization of real estate information network in regional cities which Marimo has built with its seven bases across the nation.

Property's appeal

The property faces National Route 35 connecting the center of Sasebo city and southeastern area of the city. The road has heavy traffic and the property stands on flat land which is hard to find in the area. The property has been repaired, etc. regularly and maintains a certain level of competitiveness.

# Points in Selecting Roadside Retail Facilities Marimo Regional Revitalization REIT, Inc.

## Points to consider upon selection

- (1) Number of parking spaces
- (2) Location along arterial roads/traffic volume
- (3) Resistance to e-commerce

## Stability of cash flows

Since regional areas are largely dependent on automobiles, we assume that people go shopping by car after work and go to resorts or go shopping on weekends with families by car.

#### Number of cars owned per household

# Dividends in Excess of Earnings

## Policy on dividends in excess of earnings

Verify the most appropriate cash management from various aspects including capital expenditures, economic environment, real estate market conditions, financial status, repayment of borrowings and funds for acquiring new properties

marimo REIT decides whether or not it will execute dividends in excess of earnings and the amount for the respective fiscal period after verifying the following (1) and (2)

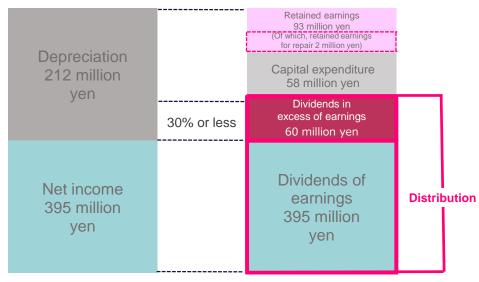

Verification (1) Execute or not

(Execute when the following conditions are met)

Verification (2) Amount of dividends in excess of earnings 30% of depreciation or less and 75% of payout ratio\* or less (The figure is the actual amount of the 5th FP) 5th FP

results \*Total amount of dividends (including dividends in excess of earnings) =75.0% Net income + depreciation

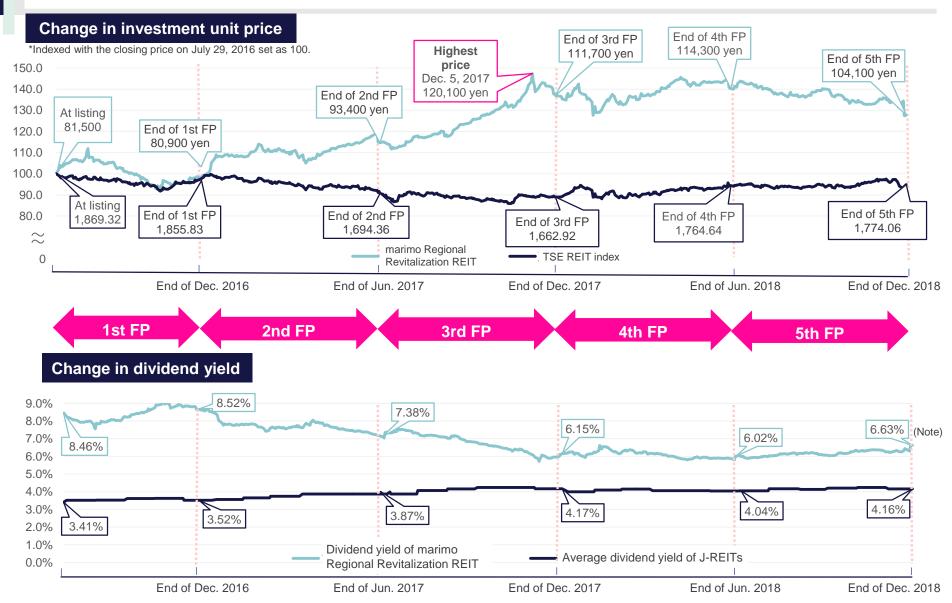

Total planned amount of capital Real estate expenditure for the appraisal value at next FP 117 million yen the end of FP 28,477 million yen Total book value of real estate, etc. 25.415 million ven

(Note) The above figures are as of the end of the 5th FP and do not indicate the ratio of distribution to net income or depreciation, or the ratio of dividends in excess of earnings. Dividends in excess of earnings may change in amount or may not be implemented due to economic conditions, trends in the real estate market, and the state of finances and the portfolio.

# Change in Investment Unit Price and Dividend Yield

(Note) Calculated by dividing the sum of final dividend of 3,445 yen for the 5th FP and forecast dividend of 3,455 yen for the 6th FP by the closing price on December 28, 2018.
